Goal

Bringing projects to life -- especially when I have been involved in the writing or creative process which is where I am told I shine is what I live to do. Nothing is more rewarding – unless chocolate is involved!

Of Note

Patricia grew up around show business and counts among her mentors the creator of the Tonight Show, Steve Allen, and Cal Arts founder Jules Engel who worked with Walt Disney for 38 years as a chief animator and fine artist. Her godfather, Alfred Newman, scored many films and her family was in the prop business.
